

Socal Treads on NoCal's Turf @ Sonoma

Posted by jivenjim - 10 Jun 2014 16:06

Hey NoCal Guys,

Is there a reason no one is at Sonoma this week?

Thomas and I are traveling the whole state and only Ken's coming to play...

I know you guys had some cars bang up at Thunderhill.

I didn't think Steve got banged?

Hope you can make Laguna.

I was at Sonoma Saturday doing HPDE4 in my Mustang street car, was looking forward to saying hello to the ol' 944 Spec gang. Saw Ken's car...no Ken though. I saw the other red 944, thought it might have been my old Swurvenwagen #44, but not.

Hi Guys,

Sorry you didn't make this one.

Glad everyone was ok from Thunderhill and cars are getting fixed.

Ken, Thomas and I had fun.

Watch Ken school me on sat in a long fun battle.
