

Willow Springs end of February

Posted by dancing944 - 17 Feb 2015 20:12

Hey 944 Spec drivers, it's time for the first So Cal NASA event of the year. Willow Springs is happening 2/28 & 3/1. I know some of you have signed up so far, but we definitely could see more for the first official event of the year. Let me know.

Hey gang! Great time at WS. Bummed about my early exit Sunday..... have a technical dilemma, but am going to post over in "troubleshooting" so the discussion (I hope) is there for others. Thanks for the help trying to get me going though!

Looking forward to Buttonwillow in a few weeks!
