Welcome NASACR to 944-SPEC! Posted by SvoChuck - 28 Oct 2011 23:41
Any central region 944 owners or current spec drivers please chime in !
I hope to have 5 cars at EVERY event next year! So let's keep 944 the largest class in the region.
I can be contacted off forum at svochuck at aol dot com .

Good to see things coming along with 944-Spec in this new region. As a former racer in the series I loved every moment of it.

Wow, that's awefully close to NASCAR! Great to see this "hole" start to be filled in!
