Moving soon so I can't keep all my toys. 1984 Porsche 944 2.5L 5 speed. Just spent \$1000 having the water pump, pulleys, timing belt and front struts replaced. Catalytic convertor replaced. Has 911 Fuch staggered rims and tires on it. Actually gets good gas mileage and could be used as a daily driver. AC doesn't work, radio not hooked up and needs rear wheel bearing(\$100 in parts). Clear coat is peeling. \$2500 or best reasonable offer 336-202-8296
