Charlie, the one I have listed on this site has a fresh motor and clutch assy and related parts. It is a 88 engine with the higher compression pistons which is rare.

Charlie,
I have an excellent Spec 944 for sale looking to move it as I getting out of racing and just put a ton of cash \$\$ into it and heart is not in to it anymore and moving on to my other "Mantown Garage" projects.

Take a look here on craigslist for the ad or soon on this site, someone is getting everything they need to go Spec 944 racing with tons of spares and parts.
