

super fast 944 for sale

I am torn to pieces over the idea of selling this car! The 76 has won nationals in 2010 Edging out Tyler Palmer. It has also won 2014 East Coast champs, 2015 West Coast champs, and was well in the hunt for 2015 East Coast champs. Have you ever wondered when you didn't win the race if it was your fault or the other guy had a faster car? Here is your chance to buy a car that I can promise you if you don't win it's your fault. As I said I hate to sell it because I truly believe this car can't be replicated. Please reply here if you think you might like to have it or better yet call or text me at 3086313258.

Thanks,

Dan Williams
