

16x7 and 16x8 Phone Dials ET 52.3 with R compound

Posted by Litespeeds - 13 May 2008 00:41

I am selling a set of polished 16x7 and 16x8 Late offset 52.3mm Phone Dial wheels with 225/50/16 and 245/45/16 Yokohama A008R tires that still have quite a bit of treadlife. I bought this set for autocrossing but have decided to just stick with DE/track days. There are no cracks on the tires as they were always stored indoors. The wheels do not have any curb rash but does need a little polishing if you want them to look perfect. I am only asking \$500 plus actual shipping for this set.
