

## Head & Neck Restraint recertifications

Posted by JerryW - 09 Feb 2012 14:40

---

I just noticed the following thread on the NASA forums in the GTS section relating to the re-cert of HNR devices:

[www.nasaforums.com/viewtopic.php?f=44&t=54162](http://www.nasaforums.com/viewtopic.php?f=44&t=54162)

Reading down the thread covers both NASA's position as well as the Non HANS devices.
