

Brake Pads

Posted by joeblow - 18 Sep 2012 17:17

OK we are doing the 'OIL' talk so lets do the brake pad one too.

So what are you guys running? Are you finding bias issues needing correction with pads?

I have always run Pagid pads as long as I can remember but they dont make 944 N/A pads that I can tell. So what it the word?
