2014 West Coast Championships @ Sonoma Nov 7-9 Posted by 944Racer72 - 24 Mar 2014 07:25
Since there's an east coast thread, might as well start a west coast thread.
Who's planning to go? Barring any unforeseen problems, I plan to be there.
Looks like registration doesn't open until June for this event:

I can understand the frustration. It seems the dyno is tending to read everyone high. It may have been better to handle this on Thursday and not During the competition. It does seem possible that the cars can be adjusted via settings to comply with rules now we just need to make sure that occurs. All that said day one appears to have two very close groups of racers, the first five in one tight group followed by the next five in a very tight group Both groups are covered by about a second. Day two should be fun. If you are not here and get a chance the action can be seen on live.racerconnect.com

Anyone with video of the big incident? Good to see we had Javi and Alberto make it down there to represent the NW.

I've seen a few different videos and what I would say is make sure your safety gear is good and invest in a full containment seat!!!!!
