_____

Anyone know how to reach Steve Russakov ?

I've seen a couple posts on here by people that have had engines built by him so someone must know how to reach him.

Thanks in advance,

onefastviking

_____

I do not have information on Steve, however I had very good success using Jon Milledge

Jon Milledge Engineering

2116 Del Norte St. Los Osos, CA 93402-2306 805-704-8785

_____

have you considered David Dirks and 944 Motorweks? He and his engine won the National championships at Miller. Over half of the rocky mountain region has a 944 Motorwerks engine. here is a link to his website.

 www.944motorwerks.com/

Hope this helps

_____

I too run a David Dirks built engine! Even though he is my husband, I would have to say he is one of the best 944 engine builders in the country! As Eban pointed out he built the engine he won at national with as well as a lot of the engines we run here in the Rocky Mountain Region. You will definately get more bang for your buck with him.

_____

I am sure the others can build a great engine, although I can do that myself.

I was actually trying to reach Steve just to say Hi to an old friend.

_____

Definitely can't go wrong with any of those choices. It really has more to do with where you live.

I think I have Steves number but I am gone till Tuesday.

Tell us more about where you live and then someone can give a recommendation for a local builder.
