

Congratulations to the Comp School Grads!!

Posted by vwmann1 - 05 May 2008 00:28

The VFC Engineering crew would like to congratulate all the Comp school grads! Well done! Especially Ray and Angel, may you both have many years of fun!

Neither Angel or Ray would have finished comp school without VFC support, nor would I have been racing. VFC cash contingencies went to all comp school graduates, and helped get the RM crew out to race with us. As Bartels & James would say, "thanks for your support!"
