

RV Compound

Posted by Big Dog - 07 May 2009 01:42

I am going to see if we can get an RV compound for any 944 folks that want to park together in our own compound. I will try to get the compound as close to the garage area as possible. That would put us close to the guys that will camp as well.

Let my know if you are interested and I will see what I can arrange.

Chuck Taylor is working on the same thing. Check in with him before putting in too much effort as prevent duplicate effort.

OK, Joe.

Chuck, Charlie B. and I want in on the RV compound. How do we go about signing up to get included in the 944 compound?
