

Interior dash question

Posted by FootofLead - 23 Jun 2012 16:58

Maybe this is posted somewhere else but I want to make sure I understand something in the spec rules.

It says that dashboard may be modified or replaced with panels that will conceal the instrument cluster and wiring.

What if the dash is removed completely? Is that still legal? I'm looking into buying a spec 944 and want a little clarification to this rule.

Thanks

Have you completed your tooling yet? I am still interested in a dash.

Here's the picture of my dash that I listed back on page 1.
