For those of you who didn't goto NCCAR (Manley) or Watkins Glen (Stanley, Torgersen), it's time to get back to racing at Road Atlanta! Weather is cooling off so it should be a pleasant environment to race in. We already have 6 cars registered but a few more usual suspects are missing. I wont be there due to a wedding party in Texas, so Brian Evans will be your fearless leader!

With the season winding down, there's not much time left to make some moves on the season points championship. Its a close one for third in the championship between Crookston and Torgersen. Kimball is still holding strong in second trying to keep up with Stanley. The drops may have a big factor in how the final standings shake out.
