

## 2017 Southeast 944Spec Schedule and Points Rules

Posted by AgRacer - 03 Jan 2017 07:52

---

### 2017 944Spec Southeast Region Schedule

Details are still to be discussed about any slight changes to where everyone wants to go race.

The Eastern States Championship at Sebring International Raceway is a mandatory double points race. Per the 2017 NASA-SE Supplemental Rules, the NCCAR event is a **double points event for each race** of the week end.

| When             | Where                                | Crossover                                | Double Points    |
|------------------|--------------------------------------|--|------------------|
| Jan 7-8          | Sebring International Raceway        |  |                  |
| Jan 20-22        | Roebing Road Raceway                 |  |                  |
| Feb 11-12        | Carolina Motorsports Park            |  |                  |
| Mar 18-19        | Road Atlanta                         |  |                  |
| Apr 7-9          | Roebing Road Raceway                 |  |                  |
| May 6-7          | Carolina Motorsports Park            |  |                  |
| <b>Jun 17-18</b> | <b>Road Atlanta</b>                  | <b>944Spec June Jam-Boree (Saturday)</b> |                  |
| Jul 29-30        | Barber Motorsports Park              | w/MS                                     | ***TENTATIVE ADJ |
| <b>Sep 2-3</b>   | <b>NCCAR</b>                         | <b>PER RACE</b>                          |                  |
| Sep 22-24        | Roebing Road Raceway                 |  |                  |
| <b>Oct 19-22</b> | <b>Sebring International Raceway</b> | <b>Eastern States Championships</b>      |                  |
| Nov 11-12        | Carolina Motorsports Park            |  |                  |
| <b>Dec 2-3</b>   | <b>Road Atlanta</b>                  | <b>Toy Run (Saturday)</b>                |                  |

### [2017 NASA Southeast Region Schedule](#)

#### Tentative 2017 Points scoring rules are as follows:

The goal for the points scoring rules were to maximize the competitiveness of the regional championship. Our region has grown to the size that we will likely have 5 entrants at every event, but while still allowing 5 drops gives all racers the ability to miss/DNF/DQ at 2.5 events and still be challenging for the regional championship.

- 5 Drops on the season for every racer.
- Minimum 5 Registered entrants to make the event a points scoring event **(excludes the Eastern States Championships)**

. I will declare the event a points event in the pre-event email approximately 5 days before the event.

- Events that are **NOT** declared a points scoring event will **NOT** be counted towards the drops for the season for any racer **(excludes the Eastern States Championships)**
- .

[NASA-SE Region Supplemental Rules](#) - These are the often forgotten about Southeast Region Supplemental Rules to the NASA CCR which define some of the region specific ways of doing business.
